

RE-CROSS YEAR SPENT \$51,000 IN EUROPEAN WORK

WASHINGTON, Nov. 3. (By International News Service.)—How the American Red Cross expended \$51,000,000 during the last fiscal year in finishing up such relief activities in Europe as could be consistently discontinued and in carrying on those activities which are still demanded, is shown in detail by the forthcoming annual report. From the signing of the armistice to Jan. 1, 1920, there was a general consolidation of Red Cross relief departments. On that date it was found practicable to consolidate all operations under the immediate supervision of the commission to Europe, the Junior Red Cross being made a department on the staff with direct official relations with headquarters in Washington. By June 30, 1920, operations had so progressed that they were confined to Poland, Serbia, Montenegro, Albania, West Russia and the Balkans, Constantinople and Budapest.

In closing its relief work in France and Belgium—the most extensive of all its overseas activities—the American Red Cross furnished supplies to 3,865 villages and directly benefited 3,030,000 persons by gifts or sales at nominal prices. Hundreds of co-operative stores were established during the year by the American Red Cross in this territory. They are still being operated by the French and Belgian authorities.

During the year the need of direct relief work in Italy practically vanished, so that the operations there have been confined to home services for American soldiers and their families and the founding of welfare institutions for children. The greatest need in Greece was among the poorer classes and the chief demand was for warm clothing. During the year the American Red Cross distributed 40,000 garments in Greece proper, 10,000 blankets and 20,000 garments in Thrace and Smyrna and 50,000 garments in the Greek colonies of Asia Minor.

Rumania was among the first of the Balkan countries to return to normal conditions as a result of which work there ended May, 1920. During the last fiscal year civilian relief was extended to nearly every section of the country. The work for the last year consisted in operating six hospitals, totaling 140 beds, and in furnishing supplies to 295 other hospitals; in treating over 6,000 patients at dispensaries; in furnishing supplies to 21 schools and 232 orphanages; in conducting 322 soup kitchens where nearly 100,000 were fed; in dry food distribution to over 170,000 and in distributing miscellaneous articles to half a million.

The work in Poland was opened March 3, 1920. The American Red Cross has assisted in the Northern districts of Poland, where the fighting was in progress, in establishing 25 hospitals with a capacity of 28,123 beds. It aided 20 established dispensaries and helped establish 82 others. It furnished supplies to 102 orphanages and bath houses. It established and maintained three medical training institutions with a capacity of 1,975 beds. It aided 107 orphanages with 14,410 individuals in care for. It distributed clothing to 80,100 children, gave general relief to 2,316 towns, with a population of more than 100,000, and in the various cities and villages, where more or less assistance.

In Vienna the American Red Cross unit, which began work Jan. 1, 1920, had up to June 30, aided 98 hospitals with a capacity of 25,000 beds, distributed more than 78,000 articles of medicine and clothing, 55,000 pounds of milk, meat, cereals and vegetables, and cared for 40,000 undernourished children.

In Hungary the work entered in Budapest, where it began in February, and was devoted chiefly to the hospitals and the thousands of undernourished children.

In Serbia the task since June, 1919, has been comparatively light. The chief work has been and continues to be educational along sanitary lines. Much disease preventive work is necessary to insure the future health of the nation.

The American Red Cross entered Albania in February, 1919. It found the country destitute of hospitals, orphanages and virtually every sort of relief institution. The commission immediately began the work of such institutions so that now there are hospitals at Scutari, Tirana, Elbasan and Koriza, besides five medical dispensaries, two mobile and two stationary dental dispensaries and numerous infant welfare and milk stations. Sewing machines have been furnished, sewing circles established and the entire nation put on its feet domestically. In addition to helping practically the entire population in the villages, 96,000 garments were distributed to hill tribes by train of carloads. More than 26,000 persons were aided by these expeditions.

In Montenegro the same condition prevailed as in Albania, except that the children's problem was rather serious. There are 30,000 orphans in Montenegro today being cared for by agencies which draw their supplies largely from the American Red Cross. A comprehensive child relief station has been established at Podgoritz and Cetinje, with a capacity of 30,000 meals a month. Relief work in the Constantinople district has been confined to the care, feeding, clothing and medical treatment of Russian and other refugees who poured through the Bosphorus last winter on their way from the threatened ports of the Black sea. The American Red Cross was instrumental in providing transportation for hundreds of American people, Salonika and Serbia. A notable phase of the work was the establishment of a refugee colony on the island of Prot, where 1,077 refugees were cared for last year.

In Constantinople there are three large Red Cross warehouses with a total capacity of 18,000 tons. In Kaban the American Red Cross unit distributed 1,000 tons of medical supplies, food and clothing, with also a complete equipment for a 150-bed hospital. During February, 1920, it was estimated that more than 6,000 refugees were equipped with clothing, blankets and soap—the last-named article the great preventive of typhus.

When the American Red Cross entered these countries it laid the foundation for local self-help. Its work was at all times educational. In all of those fields of action from which it has withdrawn, it has left a sufficient body of trained workers from among the people themselves to carry on the activities it has initiated and supported, the report discloses.

BUDGET BELOW EXPENDITURES

Revenues 11 Billion Lire—Expenditures 25 Billion—Future Not Discouraging.

MILAN, Nov. 3. (By the International News Service.)—The budget of the Italian government for the present fiscal year shows a total revenue of 11,000,000,000 lire against a total expenditure of 25,000,000,000, but the financial future of Italy, one of the keenest sufferers from the war, is not discouraging.

Such is the view of Prof. Arnaldo Agnelli, under-secretary of state for the treasury, stated in an interview. The view strikes a note of optimism in Europe's financial discord, because Italy has been considered the weak link in the entire chain, and the nation most threatened by Bolshevik tendencies.

"For the present year," Agnelli said, "we can calculate an increase in revenue of 4,000,000,000 lire over the previous year. The greatest impulse to the revenue is due to the firm hand and determined will of the present government. The Giolitti cabinet has decided that all war excess profits should be confiscated by the state."

"Therefore, we can look forward with full confidence of faith, on the whole, the situation is very far from discouraging. There is urgent need for activity in every field of our economy. It is our duty to endeavor by every means to improve our exchange with American, British and French currency. Our export trade is already on the increase."

Italy is convinced that trade with Russia is a necessity in the campaign of post-war revival. "I have been authorized by Signor Giolitti," said Prof. Agnelli, "to accept these conditions put forward by the Italian co-operative representatives. These are: 'That regular fortnightly communication be established between the Black sea ports and the Italian ports.'"

The Soviet representatives in Italy are to be fully assisted by the government officials and the experts belonging to private enterprises. "Telegraphic and postal services to be guaranteed at once by the ministers concerned."

FACTS ABOUT TANLAC ARE GIVEN TO PUBLIC

Special Representative Tells Why It Has Become Most Talked of Medicine in the World Today.

NO GREAT MYSTERY ABOUT IT, HE SAYS

Merit Alone Has Confirmed It in the Minds of the People All Over the American Continent.

W. H. Lamm, special representative in the state of Tennessee for Tanlac, the medicine that has created such a sensation all over the United States and Canada, gives some interesting facts about Tanlac and the remarkable results achieved by it. "Tanlac," he says, "is a mystery. Some of the ingredients of Tanlac have been known and used as medicines for centuries. Others are of more recent discovery, but every one of them is a recognized therapeutic value and used by the medical profession everywhere. Tanlac is simply a co-mingling of these medicinal elements in a way hitherto unknown and which brings out their curative and reconstructive powers to a most remarkable degree. Briefly, it always irritates the stomach, strengthens the digestive and assimilative organs, builds up and revitalizes the whole system, and gives the body new powers of resistance and strength. Gratifying gains in weight are not uncommon, especially where a person has suffered from under-nourishment brought on by dyspepsia, indigestion, illness, operation or other cause."

"It is a demonstrated fact in medicine that the stomach is the starting point of most of the ailments that afflict the human body, and many of the so-called diseases are not diseases at all, but reflex symptoms of the stomach. Therefore, the most common condition of the body that naturally follows. Some kinds of indigestion, gastritis, indigestion, nervousness, kidney troubles and liver complaints are among the most common troubles developed through the stomach. Scores of other diseases have been traced to the same source. Tanlac was made especially to overcome these stomach complaints and the various so-called diseases and symptoms that flow from them. But the astonishing recovery of the body revealed by it have not only astonished the general public, but have surprised even the originators of Tanlac, and the people who have used it. Thousands of letters reach the Tanlac offices from all parts of North America telling of remarkable results derived from people who have suffered for years without being able to find relief to find relief."

Naturally, these remarkable achievements have created the fame of Tanlac to all quarters of the continent, and the demand for it has necessitated working the laboratories night and day.

The tremendous popularity of Tanlac grows steadily instead of diminishing and can be explained in only one way—merit. Its remarkable restorative effects seem to be more permanent than hitherto believed possible. Thousands of persons who took it when it was first introduced five years ago report that they are still enjoying excellent health, and millions of American homes are now using Tanlac as the family medicine after having first tried it thoroughly.

Tanlac is sold by the leading druggists in every town.

AMERICAN STRIKES ARE HURDLED

Although Miners Thought To Be Contented To Be Back at Work.

BY LOUIS P. KIRBY, International News Service Staff Correspondent.

MEXICO CITY, Mexico, Nov. 3.—While the government has succeeded so far in preventing great strikes from interrupting the work of reconstruction in Mexico, rumors of threatened new trouble are constant. The newest region of unrest is the mining section of Michoacan, where the miners are making demands for higher wages. Until news came of the threatened Michoacan strike, there was an impression that there would probably be no trouble at the mines for a long time because the thousands of miners who have been kept in idleness by the revolutions were supposed to be happy to be once more back at work. At present only about 3,000 of Mexico's 60,000 mines are being worked and there is not enough work for all of the men who were employed at the mines when the ten years of turmoil began.

Mining is being rapidly resumed, as the new government is gaining the confidence of mining men, and the belief that unless strikes check this advance there will soon be an abundance of work for all of the men who were once employed in the mining regions.

There is still talk of a big railroad strike, led by the organization of engineers and firemen, but it is believed that the dispute will be prevented from reaching a crisis. Practically all of the other October strikes have been settled.

The general strikes threatened by Socialists and other radical organizations have attracted little attention from the "haves," the bodies less worse than their "haves."

President de la Huerta seems desirous of preventing strikes and all other trouble as on turn over a tranquil and pacific Mexico to his successor, Gen. Obregon. It has been through his personal efforts that the threatened strikes between workmen and employers have been avoided.

The railway workers demanded an

increase in pay of 25 per cent. The company refused them that they had already received in the past four years increases ranging from 150 to nearly 200 per cent, and asserted that, as the Mexico City lines were being operated at a loss it was impossible to grant another increase at this time.

Matters looked serious for a time. The company at last offered an increase of 15 per cent. This was accepted at the last hour by the carmen.

FAMOUS TOREADORS ARRIVE IN MEXICO

MEXICO CITY, Nov. 3. (By International News Service.)—Preparations for the bull fighting season in Mexico City have been in progress for some time. The most spectacular bull fighting season Mexico City has seen in a decade. Famous toreadors and picadors are arriving from Spain to take part in the paragon of the bull ring and fighting bulls are being sent from the haciendas which make a specialty of raising bulls for the arena. The events will begin this month and continue through the winter.

Both the bullfighters and the bulls are extremely interesting to the Mexicans, who delight in these contests. It is said that the strength, size and fighting qualities of some of the bulls trained for the arena will test the mettle of the toreadors coming with the bulls from the rings of Madrid and Seville.

Some of the Spanish bullfighters are to be paid as highly as famous opera singers. It is said that the celebrated toreador Sanchez Mejias has been promised about 10,000 pesos for each appearance in the ring. This is about \$5,000. The number of his appearances will be about 10.

BEST LAXATIVE FOR BABY'S COLD

"Baby Ease," the Perfected Laxative Cuts Short Babies' Colds and Prevents Complications.

No medicine is effective in colds and spasmodic cough until the liver is made thoroughly active. "Baby Ease," a laxative, quickly cleanses the intestinal tract, relieves constipation and biliousness and puts the little system in condition to throw off the germs, bringing quick relief, enabling baby to rest well and the cold is gone by morning.

"Baby Ease," a perfected laxative and corrector by baby specialists for mother's use with her children is also the best remedy for stomach and bowel complaints of infants and children. At your druggist's in 4c and 6c sizes adv.

To Give the Hair a Naturally Wavy Effect

Ever since the virtues of the 70-man hair cream have been known to the world, it has been having a really extraordinary demand for its salubrious effectiveness, its convenience and its entire harmlessness doubtless have been responsible for its increasing use among well-groomed women.

One need only apply a little of the 70-man hair cream to the hair before doing up the hair and the result will be a beautiful wavy and glossy appearance. It is not sticky, it is not greasy, it is not discolored, it is not irritating, it is not unpleasant to use. Liquid slipperiness is the only feature of the 70-man hair cream, and in keeping them in place over the ears.

Never mind how often you have tried and failed, you can stop your itching, eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, rash, pimples, rashes, redness and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy, silvery and doesn't stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

The E. W. Rose Co., Cleveland, O.

MAN'S BEST AGE
A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with

GOLD MEDAL HARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1895; corrects disorders; stimulates vital organs. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitations.

Rheumatism
A Remarkable Home Treatment Given By One Who Had It.

In the spring of 1893 I was attacked by Muscular and Subcutaneous Rheumatism. It was a terrible affliction, but such relief as I received was only temporary. Finally, I found a treatment that cured me completely, and it has never returned. I have given it to a number of my friends, and they have all been cured. I have even been cured of my rheumatism, some of them 20 to 30 years old, in my own case.

I want every sufferer from such a form of rheumatism to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send you a trial bottle. After you have used it and it has proven itself to be that long-sought-for remedy of getting rid of your rheumatism, you may send the price of it, one dollar, by check or money order. If you are perfectly satisfied to send it, I don't think you will suffer any longer when relief is thus afforded you free. Don't delay. Write today.

Mark H. Jackson, No. 610-G Durston Bldg., Syracuse, N. Y.

Mr. Jackson is responsible. Above statement true.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Muterole.

Old Muterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Muterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, cough, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bites, colds on the chest. Nothing like Muterole for croupy children. Keep it handy for instant use.

35c and 65c jars; hospitals, 50c and 85c.

Safe Talc Reduction

Reduce, reduce, reduce, is the slogan of all people. Get this the only safe, effective and fashion. The overfitting their hands in mortification and helplessness, involving annoying darts, afraid of violent exercise, dread the unwelcome and unsatisfying diet, until they hit upon the harmless Marmola Tablets which quickly and safely reduce weight at the rate of two, three or four pounds a week without any change in the mode of life. The ideal figure is soon obtained. Fit a snootier skin and a better appetite and health improved. Marmola Tablets contain the ingredients which made the Marmola Prescription famous.

It behooves you to learn the satisfactory method of dieting. This great, safe fat reducer by giving to your system the soluble price, one dollar, for a good size box or sending a like amount to the Marmola Co., 55 Garfield Building, Detroit, Mich., with a request that they mail you a trial box of Marmola Prescription Tablets.

A Home Recipe for Gray Hair

Gray, streaked or faded hair can be immediately made black, brown or light brown, which ever shade you desire, by the use of the following remedy, that you can make at home:

Merely get a box of Orlex powder at any drug store. It costs very little and no need to buy. Dissolve it in a 2 oz. of distilled or rain water and comb it through the hair. Full directions for use and a \$100.00 gold bond come in each box, guaranteeing the user that Orlex powder does not contain silver, lead, zinc, sulphur, mercury, aniline, coal-tar products or their derivatives.

It is safe, does not rub off, is not sticky or gummy and leaves the hair fluffy. It will make a gray-haired person look twenty years younger. adv.

Dr. Edwards' Olive Tablets

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

GET RID OF YOUR FAT

Thousands of others have gotten rid of their WITHOUT DIETING OR EXERCISING often at the rate of over a pound a day and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of over-stress such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany over-stress.

My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat.

You are not required to change in the slightest of your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take.

If you are doubtful do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I can be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.

What Do You Use To Kill Germs?

Following the advice of doctors and recommendation of boards of health, intelligent housekeepers should disinfect the home daily.

MALEZONE

Kills Germs Destroys Odors

By far the most dangerous disease breeding germs are in the dirt that is not seen.

They lurk in the sink, in the drain pipe, they breed in the garbage can, in the bathroom, wash bowls, bath tubs, lavatories. They hide in the many times handled vegetables, they collect in cellars and multiply in sunless, dark corners.

You can not see these disease breeding germs, but you can exterminate them quickly and easily by the regular, systematic use of MALEZONE.

You should use it freely in the sick room. It positively sterilizes and purifies—and how sweet and clean it makes your home smell.

Keep a Malezone Gas Air Purifier filled with Malezone in your bedroom.

Sold by All Druggists. Manufactured by MALEZONE CHEMICAL MFG. CO., Memphis, Tenn., U. S. A.

School Children

should be plump, rosy-cheeked and bubbling over with vim and vitality.

Scott's Emulsion

is unsurpassed for purity and goodness. It should be a great help to your boy or girl.

Scott & Borne, Bloomfield, N. J.
